PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy is solicited on behalf of the Board of Directors of UTStarcom, Inc. (the "Company") for use at the Annual Meeting of Stockholders to be held May 9, 2003 at 10:00 a.m., local time (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Hilton Oakland Airport, 1 Hegenberger Road, Oakland, California 94621. The Company's telephone number at that location is (510) 635-5000.

These proxy solicitation materials and the Company's Annual Report to Stockholders for the year ended December 31, 2002 were mailed on or about April 3, 2003 to all stockholders entitled to vote at the Annual Meeting.

Record Date and Voting Securities

Only stockholders of record at the close of business on March 10, 2003 are entitled to notice of and to vote at the Annual Meeting. As of March 10, 2003, 107,069,482 shares of the Company's common stock were issued and outstanding. No shares of the Company's preferred stock were outstanding.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Assistant Secretary of the Company at the Company's principal executive offices located at 1275 Harbor Bay Parkway, Alameda, California 94502, a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. The mere presence at the Annual Meeting of a stockholder who has appointed a proxy will not revoke the prior appointment. If not revoked, the proxy will be voted at the Annual Meeting in accordance with the instructions indicated on the proxy card, or if no instructions are indicated, will be voted FOR the slate of directors described herein, FOR Proposal Two, and as to any other matter that may properly be brought before the Annual Meeting, in accordance with the judgment of the proxy holders.

Voting and Solicitation

Each stockholder is entitled to one vote for each share of common stock on all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate their votes in the election of directors.

This solicitation of proxies is made by the Company, and all costs associated with soliciting proxies will be borne by the Company. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may be solicited by certain of the Company's directors, officers and regular employees personally or by telephone, facsimile or telegram. No additional compensation will be paid to these persons for such services.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of common stock issued and outstanding on the record date. All shares represented at the meeting, whether in person or by a general or limited proxy, will be counted for the purpose of establishing a quorum. While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business, and (ii) the total number of shares present and entitled to vote (the "Votes Cast") with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

Under current Delaware case law, while broker non-votes (i.e., the votes of shares held of record by brokers as to which the underlying beneficial owners have given no voting instructions) should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, the Company intends to treat broker non-votes in this manner. Thus, a broker non-vote will make a quorum more readily obtainable, but the broker non-vote will not otherwise affect the outcome of the voting on a proposal.

Deadlines for Submission of Stockholder Proposals for 2003 Annual Meeting

Stockholders of the Company are entitled to present proposals for consideration at forthcoming stockholder meetings provided that they comply with the proxy rules promulgated by the Securities and Exchange Commission (the "SEC") and the Bylaws of the Company. Stockholders wishing to present a proposal at the Company's 2004 Annual Stockholder Meeting must submit the proposal to the Company by December 5, 2003 if they wish for it to be eligible for inclusion in the proxy statement and form of proxy relating to that meeting. In addition, under the Company's Bylaws, a stockholder wishing to make a proposal at the 2004 Annual Stockholder Meeting must submit the proposal to the Company prior to February 18, 2004.

Required Vote

The two nominees receiving the highest number of votes of the shares entitled to be voted for them shall be elected as directors. Votes withheld from any director will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the meeting, but have no other legal effect upon election of directors under Delaware law.

THE COMPANY'S BOARD OF DIRECTORS RECOMMENDS VOTING "FOR" THE NOMINEES SET FORTH HEREIN.

**PROPOSAL TWO
RATIFICATION OF APPOINTMENT OF INDEPENDENT
PUBLIC ACCOUNTANTS**

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP, independent public accountants, to audit the financial statements of the Company for the fiscal year ending December 31, 2003 and recommends that the stockholders ratify this selection. In the event of a negative vote on such ratification, the Board of Directors will reconsider its selection. Representatives of PricewaterhouseCoopers LLP are expected to be available at the Annual Meeting with the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Fees billed to the Company by PricewaterhouseCoopers LLP for the fiscal year ended December 31, 2002

Audit Fees

Fees for the fiscal year ended December 31, 2002 audit and interim reviews were \$869,720 for which an aggregate amount of \$697,220 has been billed through December 31, 2002.

Financial Information Systems Design and Implementation Fees

The Company did not engage PricewaterhouseCoopers LLP to provide services to the Company regarding financial information systems design and implementation during the fiscal year ended December 31, 2002.

All Other Fees

Other fees during the year ended December 31, 2002 totaled \$1,969,041 and consisted of \$617,415 for audit-related services, \$190,086 for tax compliance and planning, \$165,701 for assistance with tax audits and \$995,839 for tax services related to international expansion and tax services related to global compensation. Audit related services included assistance with the Company's registration statements, statutory audits and procedures performed surrounding certain of the Company's acquisitions.

The Audit Committee of the Board of Directors has considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence. The Audit Committee believes that the provision of the non-audit services mentioned above to the Company by PricewaterhouseCoopers LLP is compatible with maintaining PricewaterhouseCoopers LLP's independence.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent public accountants is not required by the Company's Bylaws or other applicable legal requirement. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board at its discretion may direct the appointment of a different independent accounting firm at anytime during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Required Vote

The affirmative vote of the holders of a majority of the Votes Cast will be required to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent public accountants for the fiscal year ending December 31, 2003.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT PUBLIC ACCOUNTANTS.

Other Matters

The Company knows of no other matters to be submitted at the meeting. If any other matters properly come before the meeting or any adjournment or postponement thereof, it is the intention of the persons named in the enclosed form of Proxy to vote the shares they represent as the Board of Directors may recommend.

Based on an aggregate of 4,977,723 shares subject to options granted to our employees in 2002.

(2)

Potential realizable values are computed by (a) multiplying the number of shares of common stock subject to a given option by the exercise price, (b) assuming that the aggregate stock value from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire ten-year term of the option and (c) subtracting from that result the aggregate option exercise price. The 5% and 10% assumed annual rates of stock price appreciation are mandated by the rules of the SEC and do not represent the Company's estimate or projection of future common stock prices.

(2)

The value of unexercised in-the-money options is calculated based on the difference between the closing price of \$19.83 per share as quoted on the Nasdaq National Market on December 31, 2002, and the exercise price for the shares, multiplied by the number of shares underlying the option.

Employment Contracts and Change of Control Arrangements

The Company has entered into an employment and non-competition agreement with each of Hong Liang Lu and Ying Wu, each dated October 6, 1995. Under these agreements, Messrs. Lu and Wu are each to be paid a minimum of \$150,000 annually, which amount may be increased by the Board of Directors, and is entitled to a bonus each year as determined by the Board. Although each of Mr. Lu's and Mr. Wu's employment is "at will," the Company must give each 60 days notice of termination for any reason other than voluntary termination, termination as a result of death or disability or termination for cause.

The Company has entered into an employment and non-competition agreement with Bill Huang dated October 6, 1995. Under this agreement, Mr. Huang is to be paid a minimum of \$90,000 annually, which amount may be increased by the Board of Directors, and is entitled to a bonus each year as determined by the Board. Although Mr. Huang's employment is "at will," the Company must give him 60 days notice of termination for any reason other than voluntary termination, termination as a result of death or disability or termination for cause.

The Company has entered into Change of Control Severance Agreements with each of Michael Sophie, Hong Liang Lu, Ying Wu, Shao-Ning Chou and Bill Huang (each, for this paragraph, an "Employee"), dated April 12, 2002, January 17, 2003, January 31, 2003, January 31, 2003 and January 31, 2003, respectively. These agreements provide that if an Employee's employment with the Company terminates as a result of an involuntary termination at any time within 12 months after a change of control, (i) such Employee will be entitled to 24 months of base salary as in effect as of the

date of such termination payable in a lump sum within 30 days of termination and 100% of the bonus for the year in which termination occurs, (ii) all stock options granted to such Employee will become fully vested and exercisable as of the date of termination and all stock held by him that is subject to a right of repurchase by the Company that was purchased prior to the change of control will have such right lapse and (iii) the Company will continue to provide such Employee the same level of health coverage as in effect on the day immediately preceding the termination date until the earlier of the date such Employee is no longer eligible to receive continuation coverage pursuant to Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("COBRA") or 12 months from the termination date. In the event that the severance and other benefits provided pursuant to the Change of Control Severance Agreement between the Company and such Employee constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code") and would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, such Employee's benefits under the Agreement shall be either delivered in full or delivered as to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by the Employee on an after-tax basis of the greatest amount of benefits.

The Company has entered into Change of Control Severance Agreement with Gerald Soloway, dated April 12, 2002. This agreement provides that if Mr. Soloway's employment with the Company terminates as a result of an involuntary termination at any time within 12 months after a change of control, or terminates as a result of an involuntary termination done in contemplation of a change in control (i) Mr. Soloway will be entitled to receive 24 months of base salary as in effect as of the date of termination payable in a lump sum within 30 days of termination and 100% of the bonus for the year in which the termination occurs, (ii) all stock options granted to Mr. Soloway will become fully vested and exercisable and all stock held by him that is subject to a right of repurchase by the Company will have such right lapse and (iii) the Company will continue to provide Mr. Soloway health coverage until the earlier of the date Mr. Soloway is no longer eligible to receive continuation coverage pursuant to COBRA or 12 months from the termination date. The agreement will also provide that if Mr. Soloway's employment with the Company terminates other than as a result of an involuntary termination or resignation within 12 months following a change in control, he will be entitled to receive 12 months of his base salary in effect as of the date of termination, payable in a lump sum within 30 days of termination. In the event that the severance and other benefits provided pursuant to the Change of Control Severance Agreement between the Company and Mr. Soloway constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code, and subject to an excise tax, Mr. Soloway will receive payments from the Company sufficient to pay such excise tax (including any additional amounts necessary to pay the excise tax and federal and state income taxes arising from such payments).

For the purpose of the Change of Control Severance Agreements for Messrs. Chou, Huang, Lu, Sophie and Wu, "involuntary termination" includes (i) without the employee's express written consent, a significant reduction of the employee's duties, position or responsibilities relative to the Employee's duties, position or responsibilities in effect immediately prior to such reduction, or the removal of the employee from such position, duties and responsibilities without his express written consent, unless the employee is provided with comparable duties, position and responsibilities (as, for example, following a change of control, the Chief Financial Officer of the Company is made the Chief Financial Officer of the acquiring entity), (ii) a substantial reduction, without good business reasons, of the facilities and perquisites (including office space and location) available to the employee immediately prior to such reduction without the employee's express written consent, (iii) a reduction by the Company of the employee's base salary as in effect immediately prior to such reduction, (iv) a material reduction by the Company in the kind or level of employee benefits to which the employee is entitled immediately prior to such reduction with the result that the employee's overall benefits package is significantly reduced, (v) the relocation of the employee to a facility or a location more than 50 miles from his current

location without the employee's express written consent, (vi) any purported termination of the employee by the Company which is not effected for cause or for which the grounds relied upon are not valid, or (vii) the failure of the Company to obtain the assumption of the Change of Control Severance Agreement by any successor to the Company.

For the purpose of the Change of Control Severance Agreement for Mr. Soloway, "involuntary termination" includes (i) without the employee's express written consent, a significant reduction of the employee's duties, position or responsibilities relative to the employee's duties, position or responsibilities in effect immediately prior to such reduction, or the removal of the employee from such position, duties and responsibilities without his express written consent, unless the employee is provided with comparable duties, position and responsibilities that are expressly consented to in advance by the employee in writing, (ii) a substantial reduction, without good business reasons, of the facilities and perquisites (including office space and location) available to the employee immediately prior to such reduction without the employee's express written consent, (iii) a reduction by the Company of the employee's base salary as in effect immediately prior to such reduction, (iv) a material reduction by the Company in the kind or level of employee benefits to which the employee is entitled immediately prior to such reduction with the result that the employee's overall benefits package is significantly reduced, (v) the relocation of the employee to a facility or a location more than 20 miles from his current location without the employee's express written consent, (vi) any purported termination of the employee by the Company which is not effected for cause or for which the grounds relied upon are not valid, or (vii) the failure of the Company to obtain the assumption of the Change of Control Severance Agreement by any successor to the Company.

"Change of control" in these agreements is defined as (a) the approval by the stockholders of the Company of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the total voting power represented by the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation, (b) the approval by the stockholders of the Company of a plan to complete liquidation of the Company or an agreement for the sale or disposition by the company of all or substantially all of the Company's assets, (c) any "person" (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended) becoming the "beneficial owner" (as defined in Rule 13d-3 under said Act), directly or indirectly, of securities of the Company representing 50% or more of the total voting power represented by the Company's then outstanding voting securities, or (d) a change in the composition of the Board, as a result of which fewer than a majority of the directors are incumbent directors.

REPORT OF THE COMPENSATION COMMITTEE**Compensation Committee Report**

The information contained in the following report shall not be deemed to be "soliciting material" or to be "filed" with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into such filing.

Introduction

The Compensation Committee of the Board of Directors (the "Committee") was established on January 31, 1997 and is comprised solely of outside directors. In general, the Committee is responsible for reviewing and recommending for approval by the Board of Directors the Company's compensation practices, including executive salary levels and variable compensation programs, both cash-based and equity-based. With respect to the compensation of the Company's Chief Executive Officer, the Committee reviews and approves the various elements of the Chief Executive Officer's compensation. With respect to other executive officers, the Committee reviews the recommendations for such individuals presented by the Chief Executive Officer and the bases therefor and approves or modifies the compensation packages for such individuals. Base salary levels for executive officers of the Company have been generally established at or near the start of each fiscal year, and final bonuses for executive officers have been determined at the end of each fiscal year based upon such individual's performance and the performance of the Company.

Executive Compensation

The Company's compensation program consists of two principal components: cash-based compensation, both fixed and variable, and equity-based compensation. These two principal components are intended to attract, retain, motivate and reward executives who are expected to manage both the short-term and long-term success of the Company.

Cash-based Compensation

The Committee believes that the annual cash compensation paid to executives should be commensurate with both the executive's and the Company's performance. For this reason, the Company's executive cash compensation consists of base compensation (salary) and variable incentive compensation (annual bonus).

Base salaries for executive officers are established considering a number of factors, including the Company's profitability, the executive's individual performance and measurable contribution to the Company's success and pay levels of similar positions with comparable companies in the industry. The Committee supports the Company's compensation philosophy of moderation for elements such as base salary and benefits. Base salary decisions are made as part of the Company's formal annual review process.

An executive's annual performance award generally depends on the financial performance of the Company relative to profit targets and the executive's individual performance. These targets are reviewed at least annually to meet the changing nature of the Company's business. The incentive portion is set at a higher percentage for more senior officers, with the result that such officers have a higher percentage of their potential total cash compensation at risk.

Equity-based Compensation

The Committee administers an option program pursuant to which members of management, including the Company's executive officers, may receive annual option grants as of the time of their

reviews each year from a pool of shares set aside by the Company. The purpose of the option program is to provide additional incentive to executives and other key employees of the Company to work to maximize long-term return to the Company's stockholders. The allocation of the option pool, other than the shares allocated to the Chief Executive Officer, is recommended by the Chief Executive Officer for approval by the Committee. The allocation of shares from the option pool to the Chief Executive Officer is determined solely by the Committee. In granting stock options to the executive officers and the Chief Executive Officer, the Committee considers a number of objective and subjective factors, including the executive's position and responsibilities at the Company, such executive's past and anticipated individual performance, current survey data with respect to market rates for option compensation and other factors that they may deem relevant. Options generally vest over a four year period to encourage optionholders to continue in the employ of the Company. The exercise price of options is the market price on the date of grant, ensuring that the option will acquire value only to the extent that the price of the Company's common stock increases relative to the market price at the date of grant.

Chief Executive Officer Compensation

The Committee generally uses the same factors and criteria described above for compensation decisions regarding the Chief Executive Officer. During the fiscal year ended December 31, 2002, Mr. Lu received a base salary of \$300,000 for serving as the Chief Executive Officer of the Company and a bonus of \$150,000. In the fiscal year ended December 31, 2002, the Committee granted Mr. Lu options to purchase 225,000 shares of the Company's common stock pursuant to the Company's stock option plan.

Tax Deductibility of Executive Compensation

The Internal Revenue Code limits the federal income tax deductibility of compensation paid to the Company's Chief Executive Officer and to each of the other four most highly compensated executive officers. For this purpose, compensation can include, in addition to cash compensation, the difference between the exercise price of stock options and the value of the underlying stock on the date of exercise. Under this legislation, the Company may deduct such compensation with respect to any of these individuals only to the extent that during any fiscal year such compensation does not exceed \$1 million or meets certain other conditions (such as stockholder approval). The Company's policy is to qualify, to the extent reasonable, its executive officers' compensation for deductibility under applicable tax laws. However, the Committee believes that its primary responsibility is to provide a compensation program that will attract, retain and reward the executive talent necessary to the Company's success. Consequently, the Committee recognizes that the loss of a tax deduction may be necessary in some circumstances.

Summary

The Committee believes that its compensation program to date has been fair and motivating, and has been successful in attracting and retaining qualified employees and in linking compensation directly to the Company's success. The Committee intends to review this program on an ongoing basis to evaluate its continued effectiveness.

The Audit Committee held five meetings during the last fiscal year. Each of the members of the Audit Committee is independent as defined by our standards as set forth in the Audit Committee Charter and the Nasdaq listing standards.

Audited Financial Statements

The Audit Committee has reviewed the audited financial statements prepared for the fiscal year ended December 31, 2002. The Audit Committee has discussed the audited financial statements with various members of management of the Company.

In addition, the Audit Committee has discussed the audited financials with PricewaterhouseCoopers LLP, the Company's independent auditors for the last fiscal year ("PricewaterhouseCoopers"), including such items as Statement on Auditing Standards No. 61 requires. COMPANY'S STOCK PERFORMANCE

Set forth below is a line graph comparing the annual percentage change in the cumulative return to the stockholders of the Company's common stock with the cumulative return of the Nasdaq composite (U.S. and foreign) index and the S&P Wireless Telecommunication Services index for the period commencing on March 3, 2000, the first day the Company's common stock was traded on The Nasdaq National Market, and ending on December 31, 2002. The information contained in the performance graph shall not be deemed to be "soliciting material" or to be "filed" with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into such filing.

The graph assumes that \$100.00 was invested on March 3, 2000 in the Company's common stock and in each index (based on the initial public offering price of \$18 per share), and that all dividends were reinvested. No cash dividends have been declared or paid on the Company's common stock. Stockholder returns over the indicated period should not be considered indicative of future stockholder returns. The Company operates on a 52-week fiscal year which ended on Monday, December 31, 2002. Under the assumptions stated above, over the period from March 3, 2000 to December 31, 2002 the total return on an investment in the Company would have been 10.17% as compared to -71.69% for the Nasdaq composite (U.S. and foreign) index and -88.09% for the S&P Wireless Telecommunication Services index shown below.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten percent stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on its review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2002, all officers, directors and greater than ten percent beneficial owners complied with all Section 16(a) filing requirements except for the following inadvertent late filings:

- On April 10, 2002, Gerald Soloway timely filed a Form 4 that failed to reflect the exercise of 10,000 shares. Mr. Soloway filed an amended Form 4 on January 29, 2003 to disclose the omitted information.

- Betsy Atkins became a Section 16(a) reporting person on March 20, 2002 and failed to timely file a Form 3. Ms. Atkins filed her Form 3 on May 21, 2002.
